RECYCLED HARDWOOD PANELLING

## EXTERNAL & INTERNAL TIMBER LINING BOARD

### TIMBER LINING BOARDS

Timber used to line ceilings, splash backs, columns, walls what ever your heart desires. The possibilities are almost limitless. They can look traditional, modern or simply unique- designed to suit the style, flair and imagination of the owner. Modern finishes give a long lasting and attractive Timber lining on walls should finish clear of the ground in such a way that there is no possibility that moisture uptake may occur and may eventually cause deterioration

Timber can be T & G or Dressed All round, also Nash timbers are introducing Recycled Hardwood Panels which look superb.
