

Handcrafted French Oak Parquetry

French Grey French Oak Flooring

NASH TIMBERS FRENCH OAK FLOOR

Prefinished French Oak Flooring manufactured with 6mm solid oak top layer on a 15mm multi layered EUC Plywood core with 8 coat Treffert Sapphire coating system. TREFFERT Sapphire™ is the best performing scratch-resistant coating system for flooring in the market today. This special coating system is ideally suited for surfaces in demanding environments or needing long-time guarantees.

Tested to reflect real life, it has both exceptional linear as well as rotational scratch resistance. It is highly resistant to scratches during transport, installation, and use meaning your French Oak floor stays looking like new longer.

It is highly resistant to scratches during transport, installation, and use meaning your French Oak floor stays looking like new longer and 20 year domestic structural warranty.

Purchase of PEFC certified logs for the sale of wooden multi-layer engineered floorings and provides link between those products and sustainably managed forests.

See for yourself why French Oak Floors are your best choice for quality, durability and style.
