

*Capturing the French characteristics,
this luxurious & contemporary French Oak engineered collection by Hurford Flooring,
has been carefully chosen to complement any commercial, retail or living space.*

Bateau
Washed with a stylish mild grey with bluish undertones gives this floor a modern twist on traditional Oak.

Burnt Umber
A dark intense earthy tone giving the Oak flooring a rich and complex colour palette.

Natural
A natural rugged colour with exposed characteristic to maintain its wild and organic feel.

Slate Grey
A dark mysterious colour giving the Oak powerful undertones that will transform any area into a sophisticated space.

PremièreOak
BY HURFORD FLOORING

Smoldered
A rich intense Oak is chosen for this style, which is then lightly kissed with a light wash of snow to subtly highlight the soft grain and feature.

Vintage
Bringing the patina of time to the look and feel of the Oak. This is a mid neutral tone to compliment and enhance any interior.

Whitewash
A dusting of white, which softens the natural Oak tones and produces a light and airy feel for the space it is laid in.

PRODUCT FEATURES

- ✓ Pre-finished ready to install product, reducing installation time & costs
- ✓ Engineered for greater stability compared with a solid timber floor
- ✓ Install over wood & plywood, concrete and plywood over concrete, in conjunction with radiant heated sub-floors
- ✓ Floor can be glued down, stapled/nailed down, or floated. (Use our everWALK or hushWALK underlay for floating floor installation)
- ✓ Genuine French Oak lamella with plantation eucalyptus core
- ✓ Tongue & Groove locking system on ends and sides
- ✓ The 7 coat German engineered "Treffert" UV lacquer system provides stain, scuff, scratch and slip resistance
