

TYPES OF TIMBER FLOORING

<p>STRIP FLOORING (SOLID) 19mm & 21mm</p>	<p>Tongue and groove solid strip flooring is precision-milled, providing a wear layer that can be refinished many times over. It is manufactured with a tongue and groove profile that is also end-matched for a tight board-to-board fit.</p>	
<p>OVERLAY SOLID FLOOR 14mm</p>	<p>14mm has been fully designed & tested with the support of the ATFA. The 14mm gives the floor an equivalent wear layer to thicker flooring products & increases the stability of the floor when under pressure from expansion. 14mm has been specifically designed to be secretly fixed using a combination of adhesives & mechanical fixing.</p>	
<p>PREFINISHED ENGINEERED AUSTRALIAN HARDWOOD 3.5mm X 14.5mm</p>	<p>Prefinished Australian Hardwood flooring manufactured with an European Birch Plywood core for stability and 7 coats acrylic UV coating for hardwearing performance.</p>	
<p>PREFINISHED ENGINEERED AUSTRALIAN 0.6MM X 14mm</p>	<p>Prefinished Australian Hardwood flooring manufactured with a 9 ply construction made of plantation Eucalypt core for stability and 13 separate coats to ensure a tough anti scratch is obtained with a semi gloss appearance.</p>	
<p>PREFINISHED ENGINEERED AUSTRALIAN HARDWOOD 3.5mm X 14.5mm</p>	<p>Prefinished Australian hardwood flooring manufactured with an Australian Hardwood Plywood core for stability and Ultra Cote comes in gloss or matt finish for hardwearing performance.</p>	
<p>AGED ENGINEERED AUSTRALIAN HARDWOOD 3.5mm X 14.5mm</p>	<p>Old World boards are pre stained & aged at the factory. The boards are supplied as custom cote semi finished & are coated on site to recreate the patina of aged timber.</p>	
<p>NASH TIMBERS FRENCH OAK ENGINEERED FLOOR 6mm X 21mm 3mm x 14.5mm</p>	<p>Prefinished French Oak Flooring manufactured with 6mm solid oak top layer on a 15mm multi layered EUC Plywood core with 8 coat Treffert Sapphire coating system. TREFFERT Sapphire™ is the best performing scratch-resistant coating system for flooring in the market today.</p>	
<p>NASH TIMBERS RUSTIC ENGINEERED OAK FLOOR 6mm x 20mm 3mm x 14.5mm</p>	<p>Prefinished European Oak Flooring hand manufactured with 6mm solid oak top layer on a 15mm multi layered EUC Plywood core with hand scraped surface with a hard wearing water based coating.</p>	
<p>PARQUETRY</p>	<p>Block parquetry is available in 2 standard thicknesses 14mm & 19mm. Popular block parquetry patterns include Herringbone, Basket weave, and Square on square, Abbott, Brickbond, and Heritage.</p>	
<p>RECYCLED FLOOR</p>	<p>Recycled hardwood sleepers & power poles that has been kin dried and remilled to a recycle floorboard which produces it into quality flooring product that not only has the aesthetics, but a history of a whole other life look and feel.</p>	
<p>RECYCLED PARQUETRY 800mm x800mm</p>	<p>A premium range of Australian recycled exterior timbers incorporated into engineered panels. Prefinished or raw, Ladder style, Chevron, strip & parquetry.</p>	
<p>ROASTED FLOOR Peat, Caramel, Cayeene 83mm x 14mm 128mm x14mm 178mm x14mm</p>	<p>The colour of the wood fibre changes drastically as the ultrahigh temperature is introduced- the higher the temperature, the darker the change to the colour of the fibre is. The colour change is permanent and penetrates the entire piece of hardwood, thus eliminating the need to stain flooring to achieve a rich dark coffee brown colour</p>
