

Eukula Oil Based Systems

Euku oil 1 FS Pure oil: The ultimate full solid floor oil based on natural oils.

With a solid content of 100% and therefore zero VOC euku oil 1 gives the floor a natural oil look combined with a high abrasion resistance.

In combination with euku master FS also available a two part oil

Euku Master FS Reactive Additive: Turns euku oil 1FS, euku oil 2 plus FS and euku colour oils into 2 parts

Euku Oil 1 FS	<ul style="list-style-type: none"> ✓ easy to use ✓ suitable for underfloor heating ✓ anti-slip R10 according to DIN 51130 ✓ can be lacquered over with strato finishes
Euku Master FS	<ul style="list-style-type: none"> ✓ free of solvents ✓ improved oil hardening properties ✓ improved surface consistency and resistance ✓ improved pigment binding

Euku colour oil: Natural colouring system based on renewable primary resources with a wide range of colours.

Euku colour oil is a ready to use system with intensive colour effects giving an even and beautiful coloration.

Euku oil base & lacquer finish: Combining forces with euku oil 1 FS (or colour oil) and strato extreme a combined a natural oiled “look” with an easy to care for and highly resistant water based lacquer finish. The result is a perfect surface that combines the strengths of two finishing systems in a unique way.

- ✓ warm, deep oil impregnation
- ✓ highly resistant
- ✓ easy maintenance
